#### Community proposal rules

1. A certain amount of Luca must be pledged for each application proposal.
2. After applying for a proposal, it will be reviewed by community management members, and after the review is passed, the proposal will be voted on.
3. Community members can vote "for" and "against" the proposal, the proposal will be valid if the total votes exceed 2% of the total AGT circulation; the proposal is passed with more than 2/3 votes "for" the proposal, and the proposal will be executed.
4. Voting results will be recorded for all community members in the smart contract View.

Enter the [Community proposal] page, input proposal title, proposal content, and voting options, click the [Submit community proposal] button to complete the submission.

## 04

# View the initiated proposal

On the [Consensus connection page], click [Community proposal]-[Proposal Initiated]-[View]. After the proposal is approved, you can view it in the proposal list of [Community Autonomy].

A collection of abstract geometric shapes in the top right corner, including a blue and green triangle, a green line, a blue line, and a black line.

# THANKS
