

**Query consensus
connection by user
address**

01

Enter the ATM website

Input <https://www.atmrank.com/> to open [the ATM official website]. Click the [Connect ATM] button in the top right corner of the official website;

Click the [Connect ATM] button in the upper right corner of the website;

Click the [Sign] button in the MetaMask wallet to enter the ATM consensus connection page.

02

Search User Address

The screenshot displays the 'Consensus Connection' page. At the top, there are tabs for 'Income', 'Consensus Connection' (highlighted), 'PR node', and 'Community proposal'. A 'Create connection' button is in the top right. Below the tabs, there are filters: 'Connected' (highlighted), 'Pending (5)', 'Waiting', 'Canceled', and 'Disconnected'. A search bar with the placeholder 'Search user address' and a 'Search' button is on the right. The main table has columns: 'User address', 'Total connection amount', 'Lockup time', 'Connection status', 'Connection details', and 'Action'. One row is visible, showing a user address starting with '0x', a connection amount of '7d151b', a total amount of 'LUCA', a lockup time of '2 day(s)', a status of 'Connected', and a 'View details' link. A pagination bar at the bottom shows '< 1 >'.

User address	Total connection amount	Lockup time	Connection status	Connection details	Action
0x [redacted] 7d151b	LUCA	2 day(s)	Connected	Connected	View details

Go back to the [Consensus connection] page, enter the user address in the search box and click [View details].
